

Ticketing and Event Management System

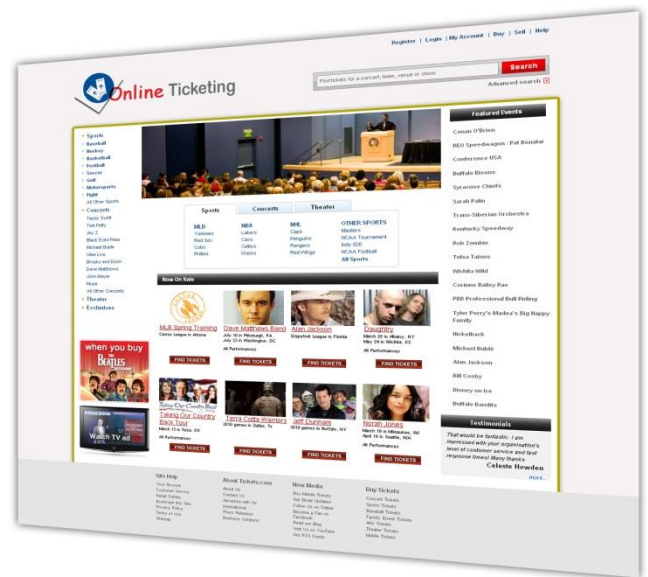

Managing events just got easier!

TLI Software Inc is an ISO 9001:2000 provider of IT products and software solutions. We provide affordable off-the-shelf software products and cost effective web applications that can be fully customized according to your requirements. Our software products have been developed by our highly skilled software engineers and are available in wide range of attractive licensing and support options.

Ticketing and Event Management

TLI has developed a Ticketing and Event Management application, built upon our cutting edge Content Management System and ecommerce platform.

Our platform not only provides your organization with everything you need to manage, promote and sell your events online, it is also a fully functional website and contact relationship manager. As a hosted solution, we can have you generating additional revenue in a very short time.

Features of Ticketing and Event Management
